

QObject

```
classDiagram
    class QObject
    class BackendManualTestsPollingServer["BackendManualTestsPolling Server"]
    BackendManualTestsPollingServer --|> QObject
```

A UML class diagram illustrating inheritance. At the top is a white rectangular box with a thin black border containing the text "QObject". Below it is a larger, gray rectangular box with a thick black border containing the text "BackendManualTestsPolling Server". A solid blue arrow points vertically from the top center of the gray box to the bottom center of the white box, indicating that "BackendManualTestsPolling Server" inherits from "QObject".
